*Cry aloud, spare not, lift up thy voice like a trumpet, and shew my people  
Their transgression, and the house of Jacob their sins. -ISAIAH 58:1*

## **“Blowing the Trumpet in Zion . . . Preparing the Way of the Lord”**

---

When we freely supply masters of these tapes and tracts to those that work with us, we have a few requirements:

- 1) You must send us pictures of every person that is saved through tape or tract outreach.
- 2) You must send us a written testimony (story) about each person that is saved through outreach.
- 3) You must use the tapes and tracts in the way that we direct you. Take them house to house or business to business. Give the tape or tract to a person. Then, after two or three days, go back and talk to them about it. (If a person does not understand the English language, sit down and listen to the tape or read the tract to them, and translate it for them.) When you visit a person's home, take a tape player and listen to the tape with them if possible. Giving a person a tape or tract is not enough. You must go back and talk to them. This way works. It is proven.
- 4) Because the cassette tapes are so expensive, it may be wise to take this approach: Say to the person, “I want to loan you this tape to listen to. In two or three days, I will come back and talk to you about what you have heard.” When you go back to talk to them, if they are ready to repent and receive Christ, pray with them, then give them the tape and teach them how to take it to someone else and do the same thing that you have done.
- 5) If they are not ready to repent and receive Christ, ask them to listen to it again, and go back again in a few days. At that time, if they have repented and received Christ. Do as we have instructed you above. If they have not responded to receive Christ, then take the tape and use it again somewhere else. In order to do this, make sure when you first give it to them, you tell them that you are loaning them the tape to listen to and will be back for it.
- 6) When a person receives Jesus, go with them and have them take the tape or tract to family. After they give the tape or tract to a family member or friend, you go with them two or three days later to talk to the person about what they heard on the tape or read in the tract. We must immediately teach all new converts to share what Jesus has done for them.
- 7) We must immediately teach all new converts to give of their finances into the buying of more tapes and tracts, so that other lives can be changed.
- 8) Dear Apostle, Prophet, Evangelist, Pastor, Teacher, and Fellow Christians, If you are using our tapes and tracts, and someone makes a donation to buy more tapes and tracts, it **MUST BE USED FOR TAPES AND TRACTS AND FOR NO OTHER PURPOSE**. We have already had it happen that new converts were giving for tools (tapes and tracts), and the leaders of the churches would say there is no money to buy them. When money is taken under false pretenses and used for things other than what it is supposed to be used for, violators will be dealt with by the Holy Spirit just the way He dealt with them in the book of Acts.
- 9) Fill out and sign a Media Release Form
- 10) Send monthly reports showing tapes and tracts produced; tapes and tracts in inventory; the name, address, telephone number, and email address of each person or group that you gave tapes to; and how many tapes you gave to that person or group.
