

Media Release Form

Step By Step Ministries provides those that are using copies of our master audio tapes, cd's, tracts, books, dvd's, and videos the opportunity to post information on our website about the Tape and Tract Outreach Center they have started in their country and/or other countries.

Step By Step Ministries reserves the right to post or not to post the information sent to us on the website.

When you are providing pictures and information about your leaders and workers to post on the website, you must get their permission to use their picture and information before submitting it to be posted on the website. We recommend developing a form to be filled out and getting permission in writing. We will only post on our website the things you send us that you have permission to use.

When providing pictures and testimonies of people that have been saved through your tape and tract outreach center to be posted on our website, you must notify each person that their picture and testimony is going to be used on the website and they must be in complete agreement to usage of their picture and testimony on the website. We recommend developing a form and getting their permission in writing.

All pictures, testimonies, stories, etc. that are sent to us to be posted on the website may be used in developing news articles, television programming, radio broadcasting, books, video streaming, power point displays, and other forms of media.

Step By Step Ministries will not be responsible for any negative affect that the posting of the information you send may have on you or the people that you have gotten permission from. Once permission is given to use a picture or testimony, it cannot be changed. It gives permanent right to use it.

I, the undersigned \_\_\_\_\_ am the leader of the  
Your Name (Please Print)  
Tract and Tape Outreach of \_\_\_\_\_.  
Country Name (Please Print)

I agree to all of the above. I agree to get permission to use all pictures, testimonies, and any other information I submit to be posted on the Step By Step Ministries website. I understand that Step By Step Ministries recommends that I develop a form and get permission in writing.

From this date forth, Step By Step Ministries can assume that I have received permission to use everything that I send them for posting on the website.
